PARISH COUNCIL

I am happy to be able to report that the Parish Council has for the 5th consecutive year agreed to continue the provision and support of local council services without increasing the Local Council Tax Level which will remain at an average charge of £95 per annum per property.

The income derived from the charge supports the maintenance of the majority of highway grass verges, the maintenance of ground work at the Civic Centre, the Youth Centre, Lambert Gardens and the burial ground at St John's Church. In addition the tax income supports community services at the Civic Centre, the Youth Centre and makes available financial grants for local voluntary organisations which are enhancing the quality of life for local residents through their own activities.

The Parish Council also liaises closely with its District and County representatives in order to address issues which are the responsibility of those authorities and communicates with other statutory bodies providing local services.

Meetings are held on the second Tuesday of each month at 7pm at the Civic Centre, Long Lane (October meeting at the Youth Centre, Lawn Road – no meeting in August each year) and members of the public are very welcome to attend.
