At this time of year, the Parish Council is carefully preparing its budget requirements for the financial year 2020/2021.

A financial analysis recently approved by the Council has established a Parish Council Tax requirement which will mean no increase to residents for the 6th consecutive year.

The budget accommodates extra expenditure on maintenance of a new cemetery and ensures the continued support for highway grasscutting, grounds maintenance and other environmental work in the village. Of equal importance is the continued support for public services provided at the Civic Centre and at the Youth Centre. Staff and volunteers at both of these Centres are to be congratulated on once again generating increased usage of services provided thus ensuring that the current level of financial support given by the Parish Council can be maintained without any increase. There are no less than 29 community organisations enjoying services provided at the Civic Centre and attendances at the Youth Centre for “lifestyle” support and guidance continues to increase and expand.

It remains important to the Parish Council that its residents and Council Tax Payers are fully aware of exactly how financial resources are allocated and a detailed schedule of all our expenditure will be included in the next edition of the Carlton News prior to the commencement of the new financial year on the 1st April 2020.

If you have any matters you wish to bring to our attention, please do so by contacting myself – Peter Goulding – Clerk or Helen Brown – Administration Assistant or come along to a Council Meeting at 7pm on the second Tuesday of each month at the Civic Centre.
