

## Carlton in Lindrick Parish Council

### Parish Council Notes

The Local Community has responded well to the questionnaire published to obtain views on the preparation of the Neighbourhood Plan. Returns already received are being analysed by District Council Officials and will be discussed by the Steering Group in the near future. Completed questionnaires can still be handed in at the Civic Centre for your views to be known.

The Parish Council has now received a positive report from External Auditors who have examined the Council's activities for the year 2014/15 and the Council continues to make best use of its resources for the benefit of the local community.

Those activities include ongoing support for the Carlton Youth Centre and for a variety of Community Activities taking place at the Civic Centre.

Financial support has recently been made available to the North Nottinghamshire Community First Responders who undertake such excellent emergency services in our area in support of other health services. A representative of the organisation who recently attended a Parish Council meeting was able to give many examples of life saving actions taken within our own Parish for residents in health difficulties requiring urgent attention. This voluntary organisation is obviously undertaking excellent work and whilst the level of financial support which the Parish Council is able to give is relatively small it is so very much appreciated by those giving of their time to save lives.

Amendments to the Planning Application required by Highway Officials and Severn Trent Water has meant a delay in finalising the purchase of land in Hundred Acre Lane for burial ground purposes. An amended Planning Application should however receive approval within the next few weeks and hopefully ground developments can be planned by the Parish Council in the near future. In addition approval is being sought for plans to improve the access to the burial ground alongside the Churchyard on the A60.

Once again, I take the opportunity to remind residents that Parish Council Meetings take place at 7pm on the second Tuesday of each month at the Civic Centre in Long Lane. Representatives of the Police and the County and District Council are regularly present to address any concerns, thoughts or ideas which residents may have on local community services. You are welcome to attend and an item for public involvement is on every Council Agenda. In the

meantime, if you wish to raise any issues with the Council but you are unable to attend a meeting please ring myself or Helen Brown (Admin Assistant) on 01909 541127 or e-mail [parishcouncil@civicicentre.org.uk](mailto:parishcouncil@civicicentre.org.uk). We will do our best to help.
