

Village Defibrillators

The Parish Council is happy to announce that Defibrillators have now been installed at the following locations in the Village.

The Civic Centre, Long Lane - External fence next to main gates
Carlton Social Club, Knaton Road – External wall on the front of the building
The Grey Horses Public House, The Cross – External wall on the building in car park
The Youth Centre, Lawn Road – External wall on the front of the building
The Parish Centre, Church Lane – External wall on the front of the building

The Parish Council has organised this safety initiative after seeking advice from East Midlands Ambulance Service. In addition and because of a positive relationship developed by the Parish Council with North Notts 1st Community Responders free training for those who wish to become more aware of operational processes has been organised by the Parish Council to take place at Carlton in Lindrick Civic Centre on 25th April 2019 17.30 to 19.00. Please ring 01909 541127 to book your place on the course.

It should be pointed out however that should there be an incident requiring use of any of the defibrillators immediate advice is given following receipt of the cabinet access code when the 999 emergency call is made but no doubt the training available on the 25th April will be more than helpful.
